DEVELOPMENT ASSESSMENT REPORTING PROCEDURE

Assessment of Development Applications (DAs)

For the purposes of this procedure there are three types of development applications:

Level 1

DA not advertised

Level 2

DA is advertised; and

- No submissions; or
- Submission received but meets one of the following:
 - o Not related to the reason the DA was advertised.
 - The development is modified to comply or to remove the element of concern to the submitter.
 - Submission is either of support, conditional support or is 'indifferent'; or is from a non-affected person.

A submission in opposition is received from an 'affected' person or special interest group in relation to the reason the DA is advertised or the development application is recommended for refusal.

Note: This procedure applies to development applications only. It does not apply to structure plans, scheme amendments or other types of planning proposals.
